Welcome

TO KEEPSAKE COTTONS!

At Keepsake Cottons we create beautiful, high quality custom woven jacquard throws. Our

company is founded, committed, and focused solely on the promotional products market. Dedication to quality products, creative, unique designs, and unmatched customer service are what set us apart from our competition. Our throws are great for corporate gifts, holiday gifts, safety awards, anniversaries, special events, theme incentives, and fundraisers.... We are proud to say our products are "made in the USA."

Production time takes about four weeks to create these timeless treasures. Each design is an unique custom work of art that will prove to be a "keepsake" which will be treasured for years to come.

ANNIVERSARIES

Commemorate and celebrate important annual milestones such as business foundings, special services, product longevity, or even company mergers. The Keepsake Cottons custom designed throw is an excellent way to commemorate a company anniversary and to communicate the story. Because of their uniqueness, Keepsake throws will become a heirloom and an excellent opportunity to generate goodwill.

GIFTS

A gift conveys appreciation and when a company wishes to recognize their suppliers, customers, employees, or important friends the way it chooses to do so should be unique and memorable. Keepsake throws will be useful and lasting. Your message, activity, or special subject can be woven into this attractive throw to create a gift worth giving — a memory from the heart.

THEME INCENTIVES

A theme incentive becomes an accent to underscore the message that is being conveyed. It is lasting reinforcement or motivation to achieve the object of the theme. Dealer incentives, sales incentives, corporate reward programs, or fund raising incentives are a few of the ways Keepsake Cottons is used to motivate. These throws are the perfect medium because there is room to promote the message and still provide a useful and desired product.

SPECIAL EVENTS

Sales meetings, tournaments, company outings, special recognition awards, product achievements, or any special event offer opportunities to congratulate the people involved. Your theme is skillfully woven into each throw and becomes a lifetime reminder. Of all the uses this one is the most ideal for the Keepsake Cottons throw. It will convey creativity in the development and thought behind the practical yet unusual remembrance.

Four Weeks to a Timeless Treasure

Our concept is to provide the promotion products trade with a custom throw program that is uniquely designed to meet the high quality and timeliness this market demands.

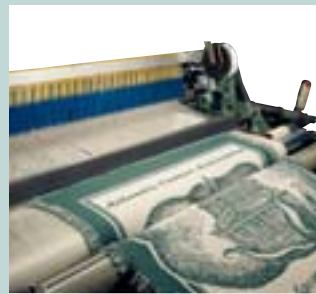

CONCEPT

We start with the reference material you send. This can be anything from just an idea or a logo, to an electronic art file. At this point, we like to briefly discuss ideas for the design, application of the throw, confirm which layer of throw best fits your needs and determine the quantity.

ART/DESIGN

In the next step, our artist takes this material and creates a color design that is uniquely created as a lasting piece of art. We use weave changes and mix yarns to insure your throw will have a powerful impact. This color design is sent to you for review and approval. The design process usually takes about two weeks.

WEAVING

Once the design is approved, we weave a pre-production sample, which we ship overnight. After the sample is approved, your order goes into production that very day! The weaving process usually takes two weeks.

FINISHED PRODUCT

Each throw is inspected and inserted into a protective vinyl bag. A special card can be created and inserted that tells the story of your custom designed throw.

**ONE OF OUR
FOUR
KEEPSAKE
STYLES WILL
FIT YOUR
APPLICATION**

TWO LAYER

This product has the thickness of two layers and allows for two to three colors depending on the design.

TWO & ONE HALF LAYER

This product is slightly heavier than a two layer and allows for possibly three to four colors depending on the design.

THREE LAYER

Three layer throws are the heaviest thickness and allow for possibly fifteen to twenty colors depending on the design.

TAPESTRY

This product uses a finer yarn and as a result creates a throw with very fine detail and hundreds of color.

Custom Designed Throws

Our throws come in four different woven constructions: two, two and one-half, three layer, and tapestry. Starting with the two layer, they go up in color options, weight of the blanket, and price. The two layer throw offers two to three colors. The two and one half layer allows for possibly three to four colors. The three layer throw is the heaviest thickness and allows for possibly fifteen to twenty colors depending on the design.

Our tapestry throw uses a finer yarn and weaves out to a larger blanket with very fine detail and hundreds of colors. Throws are fringed on all four sides and are 100% cotton. Each throw is packaged in a clear, vinyl zippered bag. Gift boxes are available. See catalog price sheet for throw size options.
